

Proud heritage. Driven to grow.

Lakeside Foods Inc. is a premier producer and supplier of high-quality canned and frozen vegetables and other food products. The company began in 1887 as a small pea canning plant in Manitowoc, Wisconsin.

Today we've grown to 12 locations in Wisconsin and Minnesota, plus a joint venture in Ohio. We employ more than 850 people year-round and hire 1,000-plus seasonal employees during the summer harvest.

We remain family owned and contract with local family farmers to grow our produce. We are focused on producing quality food that meets the highest government standards for safe food processing. Workplace safety is our top priority, and our operations exceed national safety standards.

When you work at Lakeside Foods, you join a long tradition of hard work and commitment to quality. We hope you'll join us!

Strong roots. Bright future.
