Lakeside Foods Inc. is a premier producer and supplier of high-quality canned and frozen vegetables and other food products. The company began in 1887 as a small pea canning plant in Manitowoc, Wisconsin.

Today we've grown to 10 vegetable processing locations in Wisconsin and Minnesota, plus four facilities that make other food products. We employ more than 1,200 people year-round and hire 1,000-plus seasonal employees during the summer harvest.

We remain family owned and contract with local family farmers to grow our produce. We are focused on producing quality food that meets the highest government standards for safe food processing.

Workplace safety is our top priority, and our operations exceed national safety standards. When you work at Lakeside Foods, you join a long tradition of hard work and commitment to quality. We hope you'll join us!

Lakeside Foods welcomes people of all backgrounds and the varied ideas they bring to the workplace. Being an equal opportunity and affirmative action employer is part of our heritage and culture. We recruit, hire and promote employees based on qualifications and merit, without regard to race, religion, age, gender, disability, marital or veteran status.

Lakeside Foods is an equal opportunity employer M/F/D/V
