Lakeside Foods Inc. is a leading producer of high-quality canned and frozen vegetables and other food products. The company began in 1887 as a small pea canning plant in Manitowoc, Wisconsin.

Today we've grown to 10 vegetable processing locations in Wisconsin, Minnesota and Oregon, along with four other production facilities. We employ more than 1,200 people year-round and hire 1,000-plus seasonal employees during the summer harvest.

We strive to do right by our people, customers, and the local family farmers who grow our vegetables. Our partners trust us for unparalleled food safety and quality. And our employees know workplace safety is our top priority. Quite simply, we're the best at what we do.

When you work at Lakeside Foods, you join a long tradition of hard work and commitment to quality. We hope you'll join us!

Lakeside Foods welcomes people of all backgrounds and the varied ideas they bring to the workplace. Being an equal opportunity and affirmative action employer is part of our heritage and culture. We recruit, hire and promote employees based on qualifications and merit, without regard to race, religion, age, gender, disability, marital or veteran status.

Lakeside Foods is an equal opportunity employer M/F/D/V
